## FashionTalk Rap Lyrics

Location: Disco Havanna, Berlin, Germany

Author: Gerhard Doppler

We interviewed some people  
and they just told us junk.

We asked them about fashion  
but they just answered "punk".

We moved on our research  
and found a soccer fan  
again we asked for fashion  
but he just drank his can.

Fashion is quite easy  
to show and to explain  
for some it is pure pleasure  
for others simply pain.

Fashion drives the business  
what to wear, to have, to dress  
how to speak, to hear, to think  
how to have sex, kiss, carress.

People want to make you think  
just what they think – is true  
but in pure reality  
what is fashion – is – to – you!
